Recruiting and Retaining School Council Members workshop

Mary Troicuk facilitated the Alberta School Councils Association “Recruiting and Retaining School Council Members workshop. This workshop started with an overview of what ASCA is, what services ASCA offers, and a re-cap of what role School Councils fulfill within the School Act. Information was provided by the participants about what makes Heritage unique and this information was used to better develop ideas on how to attract participants. Three case studies were also briefly looked at. A copy of the presentation given can be made available to anyone interested.

Closing Prayer- Ron Smith

Date for the next meeting: Tuesday January 5, 2010
